
JC Startup template download ID not valid. Cannot

Posted by Brooks Carpenter - 2009/08/10 16:32

When I try to use the download ID that was sent in an email I get message that download id is invalid and I cannot download the template.

thanks,
Brooks

Hey Brooks,
if you send an email to info @ joomlacreative.com with your order details we'll take of it for you straight away.

We just completed a server move and have been experiencing a few hiccups.
My apologies,

Ed

Ed,
I get delivery failure notices when I try to email info@joomlacreative.com. 550 error No such user here.

thanks,

Brooks

hey Brooks,

I've fixed that error - my apologies.
Can you try sending the email again.

Many thanks,

ed

Ed,
I re-sent the email yesterday. I haven't heard from anyone yet.

thanks,
Brooks
